NO RINGS, NO SNAPS, NO HASSLE!

The patented* Body Dock[®] Universal Harness System takes strap-on play to a whole new level! It's as simple as attaching your favorite King Cock Elite[®] silicone dildo (or any dildo/vibrator with a suction cup**) to the suction dock. The Body Dock[®] nylon straps can be easily adjusted to fit most sizes and body types.

CHANGING YOUR FAVORITE STRAP-ON ACCESSORY HAS NEVER BEEN EASIER!

- **Heavy Duty Nylon Straps & Strong Plastic Adjusters**
- **Form-Fitted Body Plate**

The wide form-fitting body plate help to distribute pressure evenly across the pelvic region.

- **Concave Suction Dock**

The tilted suction dock creates an incredibly strong bond with most suction cup accessories.

- **Patented* Push & Play Design Works With Most Suction Cups**

Simply push the suction cup of your favorite dildo or vibrator against the concave suction dock until ALL of the air between them is released! The suction creates a super-strong bond with no need for rings or snaps!

- **Angled Suction Plate Keeps Your Dildo Erect**

The Body Dock[®] has been designed with an angled suction dock to help counteract sagging caused by traditional harnesses, keeping everything looking as natural and true to life as possible.

- **Designed for Superior Comfort**

The wide, form-fitted body plate distributes pressure evenly across the pelvic region, reducing pin-point pressure that can be caused by traditional harnesses. In addition, the heavy duty nylon straps and plastic adjusters make the harness fully adjustable to fit most sizes, and helps to hold tight when the action heats up!

- **The Easiest Strap-On Harness System on the Market**
- **Angled Suction Dock Helps to Keep the Dildo Erect**
- **Form-Fitted Body Plate Distributes Pressure Evenly Enhancing Comfort**
- **Heavy Duty Nylon Straps and Plastic Adjusters**
- **Easily Adjusts to fit Waist sizes up to 54" (137 cm)**

ADDITIONAL PRODUCT FEATURES

1 Year Limited Warranty

CARE INSTRUCTIONS

Push the suction cup of your favorite dildo or vibrator** against the concaved suction dock until ALL of the air between them is released. The suction creates a super-strong vacuum between them & holds tight while the action heats up! To break the bond, simply lift the edge of the suction cup. Changing your favorite strap-on accessory has never been faster or easier!

For Best Results: Make sure that the Body Dock[®] is clean and dry before attaching any intimate accessories. Always attach your accessories to the Body Dock[®] before applying any lubricant. If you get lubricant on the Body Dock[®] and/or the bottom of the suction cup, clean with a mild detergent/toy cleaner and warm water, and then dry.

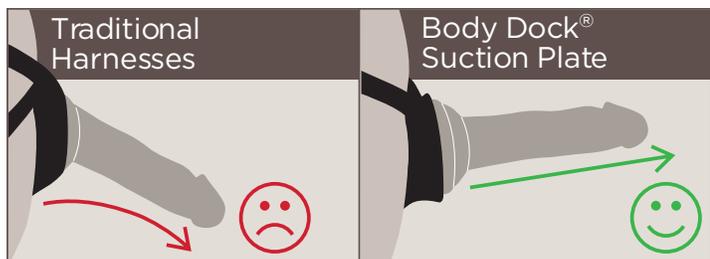

To clean the Body Dock[®] harness spot clean with a mild detergent and warm water. Hang to dry.

KING COCK ELITE POSTER

BODY DOCK POSTER

BODY DOCK® MANNEQUIN

DILDO HOLDER

The best way to present the high quality King Cock® Elite collection is with this FREE display set. It includes 2 King Cock® Elite dildos, a set of Crown Jewels®, and a plastic holder to show off the high quality dual-density Elite Silicone™ and the immaculate details that King Cock® is known for. The Mannequin with built in Body Dock® harness is perfect for presenting the quality as well as how easy the system is to use. Also included are King Cock® Elite and Body Dock® posters that easily work with the holder and mannequin.

Modular Display System

The modular design means you can be flexible with where and how you present the displays. Next to each other or separate—it's your retail space—lay it all out as you see fit.
